

IDEA SUBMISSION FORM

Thank you for taking the time to contact Sterilite Corporation regarding your new product idea. We are always willing to view new product ideas and would be happy to examine your design and consider the feasibility of marketing it nationwide. While we would like to accept all external product idea submissions, the only way we can prevent misunderstandings and protect your interests as well as our own is to accept submissions under the guidelines detailed below.

We will **only accept** and review product ideas that are now **protected by a valid issued U.S. patent** provided that you also submit a signed copy of this letter. You are acknowledging that your disclosure to Sterilite Corporation is not confidential, that in making your submission to Sterilite you are relying solely on any patent rights you have for protection. Sterilite is in no way restricted to act upon any of your ideas or suggestions provided that any such patent rights are not infringed.

Please provide the following:

- **Signed copy of this letter**
- **A copy of your patent or patent pending documentation**
- **Up to Three 8 ½ x 11 maximum sized images**

NO MODELS OR PROTOTYPES!

All ideas that do not follow Sterilite guidelines will be sent back without a review.
